The Union Trust Company

OFFICE:

118 and 122 (Company's Building) East Market Street
Indianapolis

Capital, $600,000.00
Surplus, $180,000.00

STOCKHOLDERS' ADDITIONAL LIABILITY, $600,000.00

THE UNION TRUST COMPANY is organized under a special law which requires a guarantee of ample financial responsibility, and establishes a state supervision. It must be examined twice a year by the Auditor of State, and may be examined any time he pleases. The safeguards of law thus thrown about it assure correct management. It is authorized to act as executor and guardian, administrator, assignee, receiver or trustee under wills or by appointment of court, and can do business, as a rule, more efficiently and economically than an individual. Its stockholders are liable for twice the amount of their stock.

It acts as agent and trustee in any matter of business, and as financial depository for Building Associations and other corporations.

It buys and sells securities, deals in county and municipal bonds, loans money on mortgage and collateral security.

It furnishes bonds for executors, administrators and guardians in any county in the state. It is a legal depository for court and trust funds.

Interest allowed on deposits of money, which may be made at any time and withdrawn after notice or at a fixed date, and will be entitled to interest for the whole time they remain with the Company.

Executors, Administrators or Trustees of Estates will find this Company a convenient depository for money. It does not receive deposits payable on demand, nor does it do a banking business. + + + + + + + +

WE RECEIVE many complaints from our patrons to the effect that they are bothered so much by **BORROWERS.** These parties are not the private citizen nor the stranger in the city, who steps in, looks at the Directory and goes out, but merchants, business and professional men, who need a Directory every day of the year, yet who are too close-fisted to buy one.

These same individuals are the ones that borrow your Directory "just for a minute," which, in the majority of cases, means a day or perhaps a week, unless you remember that they have it and send for it.

These same borrowers will tell the Directory canvasser that he has "no use for a Directory," that he "knows everybody," and, vice versa, "everybody knows him."

When you are buying real estate or loaning money on real estate security, why not eliminate the ever uncertain element of title by insisting that the title for which you are paying your money is insured by this Company? This is the modern way of conducting real estate transactions. It is safe. It is expeditious. Insist upon having it. We shall be glad to explain the system to you.

We prepare ABSTRACTS and CHAINS OF TITLE for those desiring them. Our work in this line is unsurpassed for accuracy. Our charges are moderate.

We draw DEEDS, MORTGAGES and other title papers and hold, subject to instructions, the money of purchasers and loaners, pending the investigation of the title. **We make Loans on Real Estate at Reasonable Rates.**

Call upon us and we shall take pleasure in showing you the completeness of our plant.

INDIANAPOLIS OFFICE, 927 STEVENSON BUILDING

ADVANTAGES OF OUR SYSTEM

PERPETUAL

Dispenses with the annual transfer of ledgers. Once opened no further extra labor of the bookkeeper is required.

ALL ITEMS OF AN ACCOUNT

Are kept together, no matter what length of time the account covers, or how active it may be.

LIVE ACCOUNTS ONLY

Are retained in the Current Ledger. All filled leaves and closed accounts are filed in Transfer Ledger.

QUICK REFERENCE

The index being distributed through the book admits of locating the accounts much more rapidly. No separate index necessary.

SAVES TIME POSTING AND BALANCING

As only open accounts are dealt with, and these are all properly arranged and their position is always the same.

ARRANGEMENT OF ACCOUNTS

Can be had as to locality, by states or salesman's territory, in alphabetical order, or as to time of opening, or activity.

NO SPACING NECESSARY

Each account is given a separate leaf. Active accounts can therefore have unlimited space.

LESS LIABILITY FOR ERROR

Accounts are more surely located and with one account on each leaf the proper space is readily found.

EXPANSIVE

It admits of insertion of new accounts from time to time in proper place without disturbing any other.

EASILY HANDLED

As both sides of the leaf are used for each account, a much smaller sized book can be used.

FACILITY

One or a dozen persons can work on the books at one time in taking off statements or posting or balancing.

CONVENIENCE

Of having a customer's account all together, saving time of bookkeeper looking through a lot of old ledgers.

SIMPLICITY

A trial balance is more readily taken off. Tabulation or abstract is simplified and systematized

ADAPTABILITY

Any business of any size, or any sudden change in activity, as well as any arrangement necessary, can be accommodated.

ECONOMY

in every case it costs far less in the long run — less in material — less in time — less in labor.

Over 5,000 Bookkeepers now Using our Ledgers Testify to these Points of Superiority.

SPECIAL LOOSE LEAF SYSTEMS

FOR THE PURCHASING DEPARTMENT

Requisition Order Systems in Manifold, Quotation Record, Cost Book, Purchase Record, Stock Report, Perpetual Invoice Filing System

By the use of a number of these systems in combination, we not only accomplish what you now secure with your present methods, but in addition we give you an absolute check and instant reference as to goods ordered, en route and received; instant and accurate information as to the amounts owing; absolute certainty that accounts are correct, as you work with the O. K'd invoice itself and not with figures three or four times transferred from the original invoices; the assembling of all invoices for any one firm in one place; an absolutely flexible system that will work just as well with 80 as 5,000 accounts, which will save 25 to 50 per cent of the amount of work done at present.

FOR THE SALES DEPARTMENT

Order Blank System, Binders, Holders and Blanks; Manifold Order Books and Blocks

We can create an Order System, suitable to any business, whereby the original order can be used for filling, shipping, billing and charging the order, and thereby eliminate all journalizing of sales.

Billing and Charging System

Adapted to most any business—an invoice and journal entry being made at one writing. Can be used either for typewriter or hand writing; produces an exact copy of every invoice.

Salesmen's Price Books, Route and Expense Reports, Advertising Information Reports

FOR THE SHIPPING DEPARTMENT

Safety Manifold Shipping and City Delivery Receipts and Books

By the use of which errors in shipment are prevented and all possibility of loss through miscarriage eliminated.

Merchandise Envelopes

For the mailing of merchandise, samples, etc., at 3d and 4th rates of postage.

FOR THE ACCOUNTING DEPARTMENT

In this department we offer the greatest labor-saving systems known to accountants. We can create for any mercantile or manufacturing business a complete system on the loose leaf plan whereby a daily statement of the condition of the business can be procured as soon as the day's posting is done, making a monthly trial balance unnecessary.

Perpetual Ledgers—General, Sales and Creditors,
Perpetual Trial Balance and Proof Books, Journal, Cash and other Auxiliary Books

On the loose leaf plan facilitate, to a great degree, the work of the accountant. We also furnish

Bills Payable and Receivable Forms, Voucher Systems, Check Registers,
Pocket Ledgers and Collection Reports.
Monthly Statement System

Especially adapted to a credit business where an itemized statement is issued. By this system we save all itemizing in the ledger. It has many other commendable features.

Inventory System

By which any number of clerks can work upon an inventory at one time without the necessity of rewriting. We also manufacture a complete line of high-grade

Ruled Sales and Letter Impression Books

FOR THE MANUFACTURING DEPARTMENT

We devise Special Factory Order Systems, Cost, Material and Labor Records, Time and Pay Roll Records, etc.

Factory cost accounting is one of our specialties, and we can provide a system by which an accurate account can be kept of all material, labor and expense, showing actual cost of each article produced.

FOR BANKS

Loose Leaf Systems have become generally recognized as especially suitable for Commercial and Savings Banks, and have been universally adoped for

General, Individual and Liability Ledgers, Journals, Receiving Tellers' Reports, Clearing House Reports, Discount Registers and Ticklers, Check and Draft Registers, Collection Registers and Ticklers, Minute and Signature Books

Our Silicate Daily Balance Book offers many advantages over any other system of daily balancing. We have also devised many useful manifold forms for the Collection Department, saving time and labor.

If you want the most modern, up-to-date methods of accounting, let us systematize your business.

OUR SECTIONAL POST LOCK BINDER

Holds securely one sheet or one thousand.

Has no long and unsightly posts projecting to catch on everything and be in the way.

Can be opened and expanded to receive leaves without removing the cover.

It is equipped with one-half and six one-inch sections for each post.

It is particularly adapted for filing records of any kind that require indefinite expansion.

PATENTED MARCH 17, 1892. DECEMBER 19, 1899.

Securely Locked by mechanism in Top Cover. Key Hole Shown in Lower Left-Hand Corner of Cut.

DIRECTORY BORROWERS

WE RECEIVE many complaints from our patrons to the effect that they are bothered so much by **BORROWERS.** These parties are not the private citizen nor the stranger in the city, who steps in, looks at the Directory and goes out, but merchants, business and professional men, who need a Directory every day of the year, yet who are too close-fisted to buy one.

These same individuals are the ones that borrow your Directory "just for a minute," which, in the majority of cases, means a day or perhaps a week, unless you remember that they have it and send for it.

These same borrowers will tell the Directory canvasser that he has "no use for a Directory," that he "knows everybody," and, vice versa, "everybody knows him."
